Date: 30/07/2026

No Objection Certificate (NOC)

It is to certify that MST SABINA YEASMIN has been working since 15 December 1997 in this organization (Bangladesh College of Physicians and Surgeons). She works in the Research and Training Monitoring (RTM) Department as Operation Manager.

She, along with her family members - son S. K. M. Nawroz-Bin-Jahangir Sizan and daughter-in-law Urbi Islam, intends to visit India. It may be noted that she will accompany Urbi Islam as a medical attendant during her medical treatment. This organization has no objection to her traveling to India for 21 days in this capacity. Her 21 days of leave will be approved subject to the issuance of a valid visa of this overseas trip.

It is mentioned here that MST SABINA YEASMIN is able to financially support herself and her family during the trip, and all expenses including their round trip will be borne by her.

I wish them all the best.
